Re: Vendor Performance Rating - 100.00

Dear Sir or Madam:

Santee Cooper has implemented a program that monitors key performance aspects of its major vendors. This program provides buyers guidance for selecting vendors to include on Request for Bids and to assist them in making order award decisions.

Please note the performance rating for your company for the month of August 2006 is **above** Santee Cooper's minimum acceptable rating of 87%. Santee Cooper appreciates your efforts in achieving this rating and hopes that these efforts can be maintained (and improved upon – for those below 100%) as we go forward in our business relationship with your company.

If you should have any questions, please do not hesitate to contact me at the address noted above, phone 843-761-8000 Ext. 5057, or e-mail ttorvin@santeecooper.com.

Sincerely,
