To Mr Jervey Inglesby:

I am writing this letter to express our complete satisfaction with I&M and its employees. There are many companies in the area that we can choose from, but I&M is by far the best choice for us in regards to their areas of service. I have been with Teknor Apex for over 12 years now, and can honestly say that I&M has been one of the best companies to deal with.

The response time that we have received during our times of crisis has been 2<sup>nd</sup> to none. We have relied on I&M many times when one of our compressors has been down, and they have always been there for us with a quick solution to our problem.

I would recommend I&M to any company that needs their services!

Sincerely,

Keith Lindsey  
Plant Engineer/ Maint Manager
